

The Mustard Seed

MEMORY VERSE

"The kingdom of heaven is like a grain of mustard seed." — Matthew 13:31 (ESV)

THE BIG IDEA

Jesus told a parable about a tiny mustard seed — the smallest seed of all. A man planted it, and it grew into the biggest plant in the garden, so big that birds came and nested in its branches. Jesus said God's kingdom is just like that: it starts small and grows far bigger than anyone imagined.

WHAT WE DID TODAY

We played "Pass the Seed" and unwrapped layer after layer to find one tiny mustard seed at the very centre. Then we watched a video of the parable and played a true-or-false game to recap it. Each child made a mustard seed keyring to carry home.

JESUS CONNECTION

God does the biggest things from the smallest beginnings. His kingdom began with Jesus and a few friends, and it has grown all over the world. In our hearts too, even a tiny bit of faith in Jesus can grow into something strong and beautiful.

FOLLOW UP AT HOME

TALK ABOUT IT

Chat together about little things that grow big over time. Ask each other: "Where have you seen something small grow into something great?" Talk about how trusting Jesus helps our faith grow, day by day.

TRY AT HOME

Clip the mustard seed keyring somewhere you will see it — a bag or your keys. When you spot it, say the memory verse together, and let it remind you that with Jesus, small faith grows big.
