2. The mustard seed is one of the biggest seeds a farmer plants.

FALSE — It's one of the smallest seeds of all, tinier than a pinhead.

3. When the mustard seed grows, it stays small like the seed.

FALSE — It grows into the biggest plant in the garden, like a tree.

4. The grown mustard plant gets so big that birds rest in its branches.

TRUE — Jesus said the birds come and nest in its branches.

5. Jesus said God's kingdom starts big and then gets smaller.

6. Even something that starts very small can grow into something great.

TRUE — That's the big point of the whole parable.

7. Our faith in Jesus can start small and grow bigger and bigger.

TRUE — Like the seed, a little faith grows as we walk with Jesus.

8. This parable teaches that God's kingdom grows far bigger than we expect.

TRUE — It began with Jesus and a few friends and has grown all over the world.

JESUS CONNECTION — land this at the end of the game

The mustard seed is one of the tiniest seeds of all, yet it grows into the biggest plant in the garden, big enough for birds to nest in. Jesus said God's kingdom is just like that. It started small, with Jesus and a handful of friends, but it has grown all over the world, and it's still growing today. It's the same in our hearts: when we trust Jesus, even a tiny bit of faith can grow into something strong and beautiful. So never think you're too small, God does the biggest things from the smallest beginnings.
